

Great Lakes Copper Ltd., a Company of Mueller Streamline, has a great job opportunity available. We are currently looking for a licensed Electrician to join our team.

Great Lakes Copper is a copper tube mill producing a broad assortment of high-quality products, selling in both Canada and the States. We are based out of London, Ontario and have enjoyed servicing our clients for over 65 years. Great Lakes Copper Ltd. is the only fully integrated copper tube mill in Canada. Our products keep patients breathing. Our products keep water flowing. Our products keep homes and business warm and cool. Our products keep food fresh.

We have a team to be proud of; a collaborative and productive team of people who meet customer needs.

JOIN US! – An opportunity exists within our Maintenance department.

Position: ELECTRICIAN

We provide:

- ✓ A great team environment – where our highly regarded maintenance team members work collaboratively with one another, operators, and our engineering team.
- ✓ A top-notch Profit-Sharing Pension Plan – participation starts at 3 months!
- ✓ Competitive wages
- ✓ Overtime available and paid after 40 hours
- ✓ Additional shift premiums for afternoon and midnight shifts
- ✓ A comprehensive medical, dental and insurance package
 - Available immediately!
 - Company pays full premiums
- ✓ A tool allowance and a well-stocked shop
- ✓ Laundered work attire, PPE and PPE allowance
- ✓ Family and Employee Assistance Program through a leading provider
- ✓ Reward & Recognition Programs
- ✓ Educational Reimbursement Programs
- ✓ Social activities
- ✓ A regular work location and no need to be constantly on the road

Primary Responsibilities:

As a member of the maintenance team, our Electricians work closely with the Operations, Engineering and Maintenance staff.

Reporting directly to the Maintenance Supervisor, the Electrician will increase uptime, throughput, efficiency and quality through the process of maintaining, designing developing and continuously improving our equipment. The Electrician works with a great team to ensure we continue to produce the best copper tube for our customers.

Join us! Take pride in being a valued team member who helps us continuously improve our operations, reduce cost, enhance safety and meet customer needs.
