

RE: ¼" ACR Hard Temper

August 2, 2023

To Whom It May Concern:

This tube is produced to ASTM B-75 which has the following tolerances.

¼" ACR Hard Temper

Average OD. .250" + - .002"

Average Wall .025" + - .0025" at any point.

Lengths 12' or 20'

This product is washed in the same equipment and process as our other ACR sizes. Residue values are monitored and are below the ASTM B-280 specification of 0.0035 grams per square foot.
